ATHLETIC MOVE UP / PLAY UP WAIVER

Guidelines:

Playing up an athletic division is at the consent of the parent/guardian of the participant in question. If one so chooses to play up an age division, he/she may only move up one age group. Playing up an athletic division is defined as; playing in a higher division that is not designed/designated specifically for a child of that particular age.

Example: In an 11/12 year old athletic division, a child who is 10 years of age may move up to that division with the consent of the parent/guardian. A child who is nine (9) years of age **may not** move up to play in the 11/12 year old athletic division. Only participants with an even age are allowed to move up / play up to the next athletic division.

For safety concerns, Carroll County Recreation has the right to deny this waiver, to any participant, if we feel a child is not physically or mentality ready to move up / play up at the next athletic division.

Consent:

I, _____ (Print – Parent / Guardian), give consent for my child,
_____ (Print – Participant), to play up an athletic division.

My child will move up from the _____ division and will be participating in is the _____ division.

I do understand the adherent risks of playing up an athletic division as the level of play may be more extreme; as the players at this level are prone to be more mature and skillful in the fundamentals of that sport in question and are older by age.

By signing off on my child playing up an athletic division, I will not hold Carroll County, its Board of Commissioners, Carroll County Recreation Department, their employees, agents, and volunteers, and their successors and assigns, liable for any injuries and/or damages that may/could be caused to my child by allowing he/she to play up an age division. I will assume full responsibility for any and all injuries and/or damages that may occur to my child as a result of such inherent risks associated with playing up an athletic division.
