

Carroll County Newsletter

APRIL 2022

Carroll County remains committed to creating opportunities for people and places to **THRIVE** within our community!

CHAIRMAN'S CORNER

April is National County Government month and this newsletter showcases many of the services and programs Carroll County offers to the citizens.

Technology- We have recently been designated as a Broadband Ready Community by the GA Department of Community Affairs, this designation can be an avenue to seek State and/or Federal funding to help with this necessity.

Health- Carroll County financially supports our local Department of Public Health and helps provide resources they need to ensure the health of our county.

Readiness- County employees from Carroll County Fire Rescue, Public Works, and the Sheriff's Office have been participating in several career fairs and the 8th grade expo to showcase what Carroll County has to offer to students after graduation.

Infrastructure- Carroll County is proud of our Public Works department and personnel who are committed to strengthening the resilience and the backbone of our communities through ongoing projects throughout our communities.

Vulnerable Communities- County employees will have the opportunity this month to learn more about the mental health advocates and ways they can help themselves, family, friends, and neighbors that may need mental health assistance. Look for our t-shirts in May to show our support for Mental Health Month.

Economy- The Board of Commissioners is proud to be a Blue Diamond Sponsor for the Chamber of Commerce this year. Several of us on the board own our own businesses so we know how important it is to support our local economy.

Montrell, Clint, Tommy, Steve, Ernie, George, and I appreciate the honor to serve you.

Michelle

Carroll County Board of Commissioners
